a Lesson in Politeness.

More Cruel Murders by the Apaches in
Mexico.

The Competition of Army Bands.

WASHINGTON, June 8.—Secretary Whitney,
in his official report relative to the employ-
ment of the naval band of the United States
at the Newport theatre, New Hampshire,
and practically annulling their engagements,
finds no special law on the subject of musi-
cians taking employment outside of that
covered by their enlistment. Custom per-
mitting it, it is a universal rule, and the
compensation provided by the government is
based somewhat upon the supposition that
the enlisted musicians will supplement their
government pay from private employment,
but in these cases there is a universal rule
that the government shall not enter into
competition with private individuals un-
fairly. This has become the subject of a
general army order to the effect that the
Secretary of War has discouraged the employ-
ment of regimental bands for purposes not
connected with their duties in the military
service, and holds that they should not be
brought into competition with local bands.
In the naval service the same rule should
apply, at least to the extent of preventing
any competition between the bands sup-
ported by the government and private in-
dividuals engaged in the same business.

Frightened by a Meteor.

GALVESTON, June 8.—A special to the News
from Sherman says: A meteor of remarkable
size was seen near midnight Saturday night,
going in a southwesterly direction. The sky
was brilliantly illuminated by it for several
seconds, and a moment after the meteor had
disappeared a loud explosion, similar to the
discharge of heavy artillery, was heard, ac-
companied by a perceptible shock. This
phenomenon was followed by rumbling like
distant thunder. The meteor appeared to be
about the size of a flour barrel. It was
also observed at McKinney, thirty-five miles
distant, where a hissing sound was heard,
greatly alarming some of the excited people,
who were returning from prayer meeting,
and causing them to take flight, shouting
that the day of judgment had come.

The Hopper Ravages in California.

SAN FRANCISCO, June 8.—The grasshopper
ravages in California are much less serious
than at first supposed. The damage to grain
by them is mostly confined to the southern
portions of San Joaquin Valley. Latest re-
ports from there show that the first state-
ments were greatly exaggerated. No cor-
rect estimate can be made of the damage.
The young vineyards in the neighbor-
hood of Sacramento have been partially
damaged, but bearing vines have escaped.
The pests were seen very long in the State,
as the trade winds which occur this season
of the year do not seem to agree with them.
Dr. W. C. Coghill, of the Agricultural De-
partment at Washington, is here investigat-
ing their ravages.

How Cleveland Spent Sunday.

WASHINGTON, June 8.—President Cleve-
land attended a meeting of delegates to the
Convention of Churches and Conventions at
Dr. Sanderland's church last evening,
and was an attentive listener to the speeches
on prison reform management, delivered by
Secretary Rounsley of the Prison Association
of New York, Captain G. R. Brockway,
Superintendent of the Elmira, N. Y. Re-
formatory, ex-Governor Anderson, of Ken-
tucky, and Dr. Boyers, of Ohio.

The Sunday Bulletin on Grant.

New York, June 8.—After the doctors had
visited General Grant yesterday afternoon,
they said that, as compared with the week
before, there was no appreciable increase
of the swelling of the cancerous trouble in the
throat. Because of the General having con-
tracted cold, or from other causes, the Gen-
eral on Saturday experienced greater pain
than usual. This was directly the result of
the increased secretions, and efforts to
throw off these secretions from the throat.
The patient is now relieved, the trouble
having been temporary.

More Murders by the Apaches.

SAN FRANCISCO, June 8.—The *Esmeralda*
Tombstone (Arizona) says: T. T. Nightingale
has just arrived from Nacozari, Sonora,
Mexico. Three American miners, Fred
Huntington, Peter McCurtin and Peter
Palmer, were killed by Apaches at the
mine. The bodies of the bodies of the three
miners were found in a dump hole, shot
through the head and their skulls crushed.
Huntington's body was found at the bottom
of the shaft. Two other men, names un-
known, were killed by Apaches on the Opato
trail about a week previous.

That Idaho Daisy Postmaster.

WASHINGTON, June 8.—The *Sunday Cap-*
itol says: The losses of the government
from the dishonest operations of the Post-
master at Lewiston, Idaho, will not be very
large; that the Postoffice Department has
got track of and intercepted fourteen of
thirty letters, each of which contains \$500
worth of money orders. The letters were sent
by the Postmaster to banks in the west for
collection, and that the Canadian postal de-
partment has stopped the mail intended for
Idaho at Victoria, B. C.

A Sailor's Racket With Chipmen.

New York, June 8.—Four sailors from the
United States ship "Omaha" came ashore
yesterday, and before retiring aboard ship
went into Mori street, where Daniel S.
Gwin, who was with them, fancied that a
Gwin, and his friends, and drawing a revolver
into the crowd of Mongolians. Ah! May re-
ceived a bullet in his left eye and almost
instantly killed. Another bullet entered the
breast of Young Hock, and he will probably
die.

A Baltimore Go-As-You-Please.

BALTIMORE, June 8.—The six-days' go-as-
you-please walking match was begun at five
minutes past 12 o'clock yesterday morning
at the Monumental Garden. The match is
for half the gate receipts, and is governed
by Astley rules.

Appointments Made To-Day.

WASHINGTON, June 7.—The Post will say
the following appointments will be made to-
morrow: J. E. Budd, Stockton, California.
Receiver of the Land Office: H. C. Wallace,
Salt Lake City; Receiver of the Land Office.

The Week's Clearances.

BOSTON, June 8.—Leading clearing houses
in the United States report the total clear-
ances for the week ending June 6th were
\$748,657,620, a decrease of 12.5 as compared
with the corresponding week of last year.

Logan in Washington.

WASHINGTON, June 8.—Senator Logan ar-
rived from Chicago last evening.

A BATTLE WITH BIG BEAR.

Captain Steele Engages the Indians
in a Preliminary Skirmish.

BATTLEFORD, June 6.—General Middleton,
with fifty men each of the Ninetieth, Mid-
land, and Grenadiers, and a galling with
eight men, left to join General Strange on
the evening of the 3d. All the mounted
men left early this morning. Captain
Steele, who is pursuing Big Bear, is not
heard from, consequently, it is not known
when the men belonging to this
column will return. General Middleton,
before leaving, said they would not return
until all of Big Bear's prisoners were
rescued.

Four Pitt, June 4.—Captain Steele, with
seventy mounted scouts and police had
an engagement with BIG BEAR.

At the Two Lakes, fifty miles southwest of
here, yesterday. We came upon the Indians
at 9 o'clock in the morning, as they were
in the midst of a camp, and immediately
struck them. Finding their front too strong,
we executed a clever flanking movement, taking
the Indians in the rear and driving them in
disorder across a small creek, where he was
unable to follow on account of his small
force. The Indians numbered fully 250.

HE SAW NO SIGNS OF THE PRISONERS.

During the fight, Steele sent an interpreter,
McKee, with a flag of truce. He advanced,
but was fired on. He got out of the way
heard, and called out to Big Bear in Indian,
who replied indignantly. McKee said: "If
you will deliver our people we will come
bring." The Indian replied:

"WE INTEND TO KILL YOU."

Steele's loss was three wounded.

Four Pitt, via Battleford, June 6.—Stran-
ger's column arrived at Little Red Deer river
on Wednesday.

The Salvation Army in Another
Row.

MONTREAL, June 8.—The Corpus Christi
procession yesterday was the largest ever
seen in this city, 10,000 persons taking part
in it. While the procession was passing
along St. Peter's street, the Salvation Army,
which was also parading, turned into the
street to reach Mechanic's Hall. The crowd
watching the Catholic procession savagely
attacked the Salvationists, branding some of
them badly. Had it not been for the priests
and other persons in the Catholic procession
restoring order, a number of lives would
have been lost.

The Strikers Weakening.

PITTSBURGH, June 8.—The sheet department
of Phillips, Nimick & Co.'s Silgo iron works
was started up by non-union men this morn-
ing, all the old men but one returning to
work. It is understood that the amala-
gamation of wages will be paid. The Silgo
works, of Spank, Shalfelt & Co., were ex-
pected to resume, but enough men were
not obtained, and the furnaces are still
idle.

A Virginia Town Half Burned.

PETERSBURG, Va., June 8.—Intelligence
has been received here that at a late hour
last night one-half the town of Suffolk,
on the Norfolk and Western railroad, was
burned; the loss will be heavy.

Movements of U. S. War Vessels.

KEX WEST, June 8.—The U. S. frigate
"Alliance" arrived here yesterday, from As-
pinwall. The U. S. frigate "Powhatan"
sailed from this port yesterday for New
York.

PARK CITY FLOAT.

News of the Week, Taken From Sat-
urday's "Record."

On account of so much water in the
Crescent mine their shipments of first
class ore this week were very light.

The road on this side of the summit is
in a horrible condition. Summit coun-
ty ought to see that it is in good shape as
the down grade towards Salt Lake.

Next Thursday evening, Robert Gor-
linski, strongly supported by home talent,
will entertain our citizens at a concert. He
will not doubt have a full house.

Mr. Bamberger, of Salt Lake, was up
this week looking over the book of
round owned by Morgan and others ad-
joining the Daily Company's claims on the
south, with a view to forming an incor-
poration and erecting hoisting works im-
mediately.

W. G. Newson, the Salt Lake musical
genius, arrived in the Park on Wednesday
last and is filling an engagement at the
Vienna Concert Hall. "Billy" is one of
the best harmonica players in the West,
and as a song and dance artist he has but
a peers in the country. He has been
entertaining large crowds at the Hall in
the most pleasing manner by his experi-
ence as a musician and his excellent sing-
ing. He was accompanied by his brother,
who will remain in the Park for a few
days.

The Park City Racing Club intend to
open the racing season on the first of July
and keep them going until and through
the Fourth. They are offering large sums
in purses for racing, and they will not
doubt draw large crowds of people who
enjoy witnessing the speed of horses. The
track is located below town and will be in
a splendid condition by the time the races
are to come off.

The engineer, Mr. Burke, who came
out on a dispatch to test the Crescent
tramway engine, made the first attempt
Tuesday afternoon with it and got up as
far as the trestle-work in "Nigger Can-
yon." As he reached that point and
examined the bridge he concluded it was
strong enough to hold him to and wanted
to cross over, but Mr. F. H. Dryden thought
it best not to try it until the bridge had
been strengthened, and he at once put
the men to work with that purpose in
view. Another trial trip will be made to-
morrow and Mr. Burke says he will
reach the Crescent mines if the track will
hold him. He says the engine was built
for this purpose and he knows he can
make it do the work.

A full-fledged snowstorm Friday while
it lasted. No wonder so many Salt Lake
ers came up to the Park to cool off in
summer.

A ride over Kimball's line to Salt Lake
is a pleasure compared to what it used to
be in the four-horse coaches, when a man
was in danger of bobbing his head up
through the top of the Concord. The
present drivers make good time and use
extra care in avoiding chuck holes and
boulders.

The Row on Saturday Night.

N. Y. Maelstrom was up before Judge
Speirs to-day for being drunk and resist-
ing the officers while discharging their
duties. He paid \$5 for the first offense
and was assessed \$25 for the latter. It
appears Maelstrom figured conspicuously
in the maelstrom on Walker Brothers' re-
center last Saturday night, and in con-
sequence of his superabundance of noise he
was taken to town. Mr. H. W. Sanders
was arrested for similar resistance, and
paid \$10 for his obstinacy in complying
with authoritative requests.

FROM FOREIGN SHORES.

Great Loss of Life From the Earth-
quakes in India.

An English Ironclad Severely Damaged
by an Explosion of Coal-Gas.

The Pall Mall Gazette Reads Granville
a Rebuke.

The Terrible Earthquakes in Cash-
mere.

LONDON, June 8.—The earthquake shocks
at Serinagar and other points in the valley
of Cashmere continue at intervals, averag-
ing three hours in length. Whole villages
have been engulfed, and terrible subterranean
noises are heard, driving the people
frantic with fear. The horrors of the ap-
proaching famine are added to the other re-
sults of the disaster, as many thousands
of grain in storage have been swal-
lowed up in the chasms, which are con-
stantly opening.

CALCUTTA, June 8.—Dispatches continue
to be received here about the earthquake in
the valley of Cashmere. Whole villages
have been destroyed, and Dugood, Simla-
par and Ovale have disappeared entirely,
having been completely engulfed in the
avalanches. During the continuance
of the shocks sulphurous dust was sent forth
impregnating the atmosphere. At the same
time volumes of hot water issued from the
great fissures made in the earth. Fort
Gario and granaries in many parts of the
valley have been swallowed up. A large
supply of rice and a considerable amount of
money has been distributed throughout the
valley of Cashmere to relieve the distress of
the people. It is estimated that 250 per-
sons are killed.

The Epidemic in Spain.

MADRID, June 8.—A large meeting of free
traders to-day condemned the Government
for breaking off negotiations with England
for a commercial treaty.

The death rate from cholera in Valencia
has doubled. People are alarmed and are
fleeing from the infected districts.

Notwithstanding reports to the contrary, it
is now absolutely ascertained that there is no
genuine cholera in Madrid. The Mayor of
Madrid has issued a proclamation ordering
sanitary measures in stables, houses, etc.,
and enjoining cleanliness in the streets, and
offering gratuitous analysis of suspicious food.

An Exchange of Territory Wanted.

LONDON, June 8.—Mr. Ford, late British
Minister at Athens, has been sent on a mis-
sion to Paris, in connection with the New-
foundland shore dispute. Prior to the fall
of the Ferry Ministry, an agreement was
reached with which one of the leeward islands
was to be handed over to France in exchange
for the complete surrender by France of her
claims on Newfoundland. Negotiations were
suspended on M. Ferry's insisting on retain-
ing the St. Pierre and Miquelon group. Ford
will renew the offer of an agreement.

The Amerer Still Lives.

LONDON, June 8.—The *Daily Telegraph*
states that there is absolutely no foundation
for the report of the assassination of Amerer
Abdullah, and that the report was tele-
graphed to the St. Petersburg *Norvosti* from
Vienna, and not from Caucasus, as alleged.

The French man-of-war "Recluse," with a
crew of ninety-two souls, is believed to have
foundered in the Red Sea.

It is reported that the government is med-
itating the retention of more troops in
Egypt.

Increasing the German Army.

BERLIN, June 8.—The Imperial War Min-
ister is drafting a plan for a large increase
of the army, based upon the calculated re-
sults of the coming general census. The
peace effective will be raised from 418,000 to
450,000. Besides this two new batteries will
be added to each corps d'armee, and two
new to each division of "Recluse," with a
practically augmenting the artillery sixty per
cent. The cavalry increase has not yet been
decided upon.

The English Policy in Egypt.

LONDON, June 8.—Mr. White, the English
ad interim Minister at Constantinople, is
negotiating for the consent of the Sultan for
the establishment of a permanent British
garrison at Alexandria. If the Porte assents
to the establishment of a permanent British
garrison at Alexandria, the English policy in
Egypt will be quickened.

The aim of the English policy is to obtain
security against the possibility of occupation
by any other power after the English leave,
and to maintain the English dominance over
Egypt and the Soudan.

Kaiser Wilhelm Must Not Be Excited.

BERLIN, May 8.—The Prince Imperial has
written to King Leopold of Belgium, re-
questing him to postpone his visit to Em-
peror William until the end of autumn.
The Prince states that, although the Em-
peror is convalescent, it is desirable that he
be spared all excitement.

Bismarck's Fiftieth Political Anni-
versary.

BERLIN, June 8.—Prince Bismarck was
received at Kissingen yesterday by an
enormous crowd of people, who greeted him
with enthusiastic acclamations. The Prince
gave a dinner to celebrate the fiftieth anni-
versary of his entrance into the service of
the State.

Lowell Coming Home.

LONDON, June 8.—Mr. Lowell left London
at 5 o'clock yesterday afternoon for Eaton
Hall, near Chester, the seat of the Duke of
Westminster, where he will remain until
Wednesday, when he will embark on the
"Seythia," at Liverpool, for Boston.

The Brunswick Succession.

BERLIN, May 8.—It has been presented
to the Bundesrath in relation to the Brun-
swick succession. It omits the usual demur-
rers, and indicates that Prince Bismarck
expects serious opposition to the measure.

Indignant Beer-Taxed Englishmen.

LONDON, June 8.—A mass meeting attended
by 50,000 persons was held in London yester-
day to denounce the action of Mr.
Childers, Chancellor of the Exchequer, in
increasing the duties on beer and spirits.

A Sunday Blaze in Constantinople.

CONSTANTINOPLE, June 7.—Three hundred
houses, fifty shops and three mosques in the
Stamboul quarter of this city were destroyed
by fire to-day. One person was killed and
many were injured.

The Privateer Scheme Against Eng-
land.

PARIS, June 8.—The *Gaulois* says that
Russia declines all offers of Americans and
Irishmen, sent through the Russian Minister
at Washington, to equip a privateer fleet
against England.

Will Not Call at British Ports.

BERLIN, June 8.—The steamers newly
mobilized of the lines to Asia and Australia
will call at Flushing or Antwerp, but not at
Southampton, as was at first intended.

Use "Syrup of Prunes" for Constipa-
tion. Price 75 cts. per bottle. For sale
at all Druggists.

STARVING TO DEATH IN VIRGINIA.

A Piteous Appeal From the People
Stricken by Famine.

PARKERSBURG, W. Va.—The situation in
Jackson county is becoming serious. Hun-
dreds of families are on the verge of starva-
tion, and unless aid is speedily extended by
the remainder of the State or the outside
world,

MOST DEBASTATING RESULTS MAY BE EXPECTED.
Some of the more fortunate and influential
people of the county, and others who be-
lieve the condition of the inhabitants ex-
aggerated, have heretofore denied the re-
ports that have from time to time been
published,
